Privacy Policy

The data collected:

We, BIA Separations, now part of Sartorius, as the main sponsor of Monolith Summer Symposium (MSS) will collect basic information acquired through your time in the Confiva platform. You can provide some of this information directly to us in advance and we will gather the remaining data through your time, interactions, use, and experiences when on the Confiva platform. The data collected will consist on your interactions with BIA Separations, MSS2022, Confiva, and the choices you make, which includes your privacy settings and features you use. The following information can be provided ahead of time to us:

- Full Name
- Email address
- Organization/Company
- Phone number (exceptions may apply; only speakers)

The following data will be collected as you interact in the Confiva platform:

- Views and interactions with content
- Retention time
- Watch time

How will we use your data:

The data collected is not shared with any third parties and will only be used to enhance our understanding of the content you liked based on the way you interact with it, watch duration, and the retention time. Data gathered will be used to improve our event in the following years. We will use the email address obtained to contact you about the future events, provide you with the chance to register for the upcoming MSS, and share with you information from the event that you have attended. All data will be safely stored on the servers at the BIA's facility in Ajdovščina, Slovenia.

Retention period:

The data will be retained for an indefinite period.
